INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Food for Lane County, Inc.
Eugene, Oregon

Report on the Financial Statements

We have audited the accompanying financial statements of Food for Lane County, Inc. (a nonprofit organization), which comprise the statements of financial position as of June 30, 2014 and 2013, and the related statements of activities, functional expenses, and cash flows for the years then ended, and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Food for Lane County, Inc. as of June 30, 2014 and 2013, and the changes in its net assets and its cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

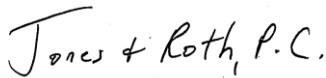

Other Matters

Other Information

Our audits were conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated October 9, 2014 on our consideration of Food for Lane County, Inc.'s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Food for Lane County, Inc.'s internal control over financial reporting and compliance.

FOOD FOR LANE COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS

1. Organization and Summary of Significant Accounting Policies

Nature of Organization

Food for Lane County, Inc. (FFLC), a nonprofit organization, is a regional food bank serving all of Lane County, Oregon. FFLC solicits, grows, rescues, and collects food which is then distributed through nonprofit member agencies providing food box programs, emergency shelters, soup kitchens, and residential treatment services. FFLC strives to increase public awareness of hunger. Approximately 8,271,478 pounds and 8,141,113 pounds of food were distributed in the years ended June 30, 2014 and 2013, respectively.

A substantial amount of support comes from donated food, including donations of commodities received through Oregon Food Bank; food rescued from restaurants, grocery stores, and the University of Oregon; and donations of food by the general public.

Financial Statement Preparation

The financial statements of FFLC have been prepared on the accrual basis of accounting and accordingly reflect all significant receivables, payables, and other liabilities. In accordance with accounting principles generally accepted in the United States of America (U.S. GAAP), FFLC reports financial information regarding its financial position and activities according to three classes of net assets: unrestricted net assets, temporarily restricted net assets, and permanently restricted net assets.

Estimates

The preparation of financial statements, in conformity with accounting principles generally accepted in the United States of America, requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Income Tax Status

FFLC is an exempt organization under Section 501(c)(3) of the Internal Revenue Code (IRC). In addition, FFLC qualifies for the charitable contribution deduction under Section 170(b)(1)(A) and has been classified as an organization that is not a private foundation under Section 509(a)(2). FFLC files required informational returns with both the U.S. federal jurisdiction and the state of Oregon. State and federal tax authorities generally have the right to examine and audit the previous three years of tax returns filed.

Financial Instruments

Concentration of Credit Risk Due to Grants Receivable and Pledges Receivable

Concentrations of credit risk with respect to grants receivable are limited to governmental agencies in the state of Oregon, including some pass-through nonprofit and federal grants and grants from charitable foundations. Concentrations of credit risk with respect to pledges receivable are limited to supporters of FFLC. As of June 30, 2014, receivables from one agency accounted for 62 percent of the total receivable balance. As of June 30, 2013, receivables from two agencies accounted for 63 percent of the total receivable balance.

FOOD FOR LANE COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS

1. Organization and Summary of Significant Accounting Policies, continued

Financial Instruments, continued

Concentrations of Credit Risk Arising From Cash Deposits in Excess of Insured Limits

FFLC maintains cash balances at several financial institutions located in Eugene, Oregon. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. In 2014 and 2013, bank balances exceeded FDIC insurance limits at various times during the year. At June 30, 2014 and 2013, cash balances were in excess of federally insured limits by \$0- and \$112,121, respectively.

Cash and Cash Equivalents

For purposes of the statements of cash flows, FFLC considers all unrestricted highly liquid investments with an initial maturity of three months or less to be cash equivalents. Cash and cash equivalents include savings, checking accounts, money market funds held at banks, and certificates of deposit with less than three months original maturity.

Investments

Investments are measured at fair value in the statements of financial position. Investment income or loss (including gains and losses on investments, interest and dividends) is included in the statements of activities as increases or decreases in unrestricted net assets, unless the income or loss is restricted by donor or law.

Unconditional Promises to Give

Unconditional promises to give are recognized as revenue or gain in the period received and as assets, decreases of liabilities, or expenses depending on the form of the benefits received. Conditional promises to give are recognized when the conditions on which they depend are substantially met. Management considers historical write-offs when assessing the need for an allowance. As of June 30, 2014 and 2013, management considers unconditional promises to give fully collectible and therefore has elected not to record an allowance. At June 30, 2014 and 2013 unconditional promises to give were expected to be collected over the next year; therefore, the promises are considered current assets.

Property and Equipment

Property and equipment are carried at cost or, if donated, at the approximate fair market value at the date of donation. Depreciation is computed using the straight-line method over the estimated lives of the assets. Property and equipment with a cost of \$1,500 or more are capitalized.

FOOD FOR LANE COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS

1. Organization and Summary of Significant Accounting Policies, continued

Restricted and Unrestricted Revenue and Support

Contributions and grants received are recorded as unrestricted, temporarily restricted, or permanently restricted support depending on the existence and/or nature of any donor restrictions. Support that is restricted by the donor is reported as an increase in temporarily or permanently restricted net assets depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statements of activities as, "net assets released from restrictions". The endowment fund is permanently restricted by the donor. Investment earnings on this endowment are available for distribution and are recorded in temporarily restricted net assets until used for the intended purpose.

Donated Assets

Donated marketable securities and other non-cash donations are recorded as contributions at their estimated fair market value at the date of donation. Donated marketable securities are immediately sold and gain or loss is recognized for the change in value from the date of donation to the date of sale.

Donated Property and Equipment

Donations of property and equipment are recorded as contributions at their estimated fair market value at the date of donation. Such donations are reported as increases in unrestricted net assets unless the donor has restricted the donated asset to a specific purpose. Assets donated with explicit restrictions regarding their use and contributions of cash that must be used to acquire property and equipment are reported as restricted contributions. Absent donor stipulations regarding how long those donated assets must be maintained, FFLC reports expirations of donor restrictions when the donated or acquired assets are placed in service as instructed by the donor. FFLC reclassifies temporarily restricted net assets to unrestricted net assets at that time.

Donated Goods and Services

Contributions for goods and services are recorded at their estimated fair market value at the date of contribution. No amounts have been reflected in the financial statements for donated services, other than services requiring specific expertise or which create or enhance non-financial assets. However, many individuals volunteer their time and perform a variety of tasks that assist FFLC with specific programs and various committee assignments. FFLC receives more than 60,000 volunteer hours per year from several thousand people. Valued at \$10 per hour, this would be \$600,000.

Donations of services requiring specific expertise or that create or enhance non-financial assets are recorded as in-kind contributions at their estimated fair market value at the date of donation. Various services with a value of \$50,349 and \$24,595 were recorded as in-kind contributions during the years ended June 30, 2014 and 2013, respectively, and are included in the amounts listed in the table below.

NOTES TO FINANCIAL STATEMENTS

1. Organization and Summary of Significant Accounting Policies, continued

Donated Goods and Services, continued

The estimated value of total donated goods and services was as follows:

	<u>2014</u>	<u>2013</u>
Food distribution	\$ 8,895	\$ 7,184
Family Dinner program	536	17,716
Resource Development	<u>124,376</u>	<u>89,343</u>
Total donated goods and services	<u>\$ 133,807</u>	<u>\$ 114,243</u>

Share Contribution and USDA Reimbursement

Oregon Food Bank is the statewide distribution network for food donations. FFLC pays a share contribution fee between \$.00 and \$.07 per pound to help Oregon Food Bank offset a portion of the handling and redistribution costs they incur. FFLC does not charge a share contribution fee to its partner agencies; all agencies receive food free of charge.

Expense Allocation

FFLC allocates its expenses on a functional basis among its various programs and support services. Expenses that can be identified with a specific program and support service are allocated directly to that program or service according to their natural expenditure classification. Other expenses that are common to several functions are allocated based on employee hours worked in each program.

Advertising Costs

FFLC's advertising costs are expensed as incurred. Advertising costs totaled \$22,035 and \$11,780 for the years ended June 30, 2014 and 2013, respectively, and is included in fundraising and promotional expense on the statements of functional expenses.

FOOD FOR LANE COUNTY, INC.
NOTES TO FINANCIAL STATEMENTS

2. Investments

Investments are comprised of mutual funds in the bond and equity markets.

At June 30, investment and interest income was comprised of the following:

	2014	2013
Interest and dividends	\$ 29,669	\$ 6,755
Realized gains (losses)	-	(312)
Unrealized gains	107,454	17,783
 Total investment and interest income	 \$ 137,123	 \$ 24,226

3. Inventory

Inventory is valued on a first-in, first-out basis and consists of donated goods, United States Department of Agriculture (USDA) commodities received from the government, and purchased food. The donated goods inventory for the years ended June 30, 2014 and 2013, was stated at \$1.39 per pound, and represents the estimated fair market value for food received through Oregon Food Bank or donated by the public. USDA commodities were stated at the values provided by the USDA. Purchased food inventory was stated at cost.

4. Beneficial Interest in the Assets of the Oregon Community Foundation

During 2010, FFLC established a Board designated endowment fund with the Oregon Community Foundation (OCF). This fund is used by OCF as the source of unrestricted grants for FFLC. The agreement with OCF stipulates OCF maintains variance power over the fund and that the fund shall be held and owned by OCF. OCF may distribute, on an annual basis, a fixed percentage of the fund assets. The percentage is determined by the Board of Directors of OCF. The agreement also provides that, upon written request from a majority of the Board of Directors of FFLC, additional distributions may be made from the fund assets, even to the exhaustion of the fund, if in the sole judgment of the Board of Directors of OCF the requested distribution is consistent with the objectives and purpose of FFLC. The balance of the endowment fund is included in Board-designated unrestricted net assets.

Income or loss on the investments held by OCF, including unrealized gains and losses on the investments, interest, and dividends, is included in the statements of activities as the net change in the beneficial interest in the assets of OCF and is considered unrestricted.

For other programs	161,701	199,424
Total temporarily restricted net assets	\$ 871,006	\$ 889,408

Permanently restricted net assets consist of an endowment fund. The income from the endowment assets can be used to hire a part-time physically or mentally disabled individual to assist in the warehouse.

	2014	2013
Greg Webster Endowment	\$ 45,174	\$ 45,174

7. Donated Food and Commodities

Donations of food and commodities are recorded as support at their estimated fair market value. Commodities received from the USDA are recorded at the estimated value provided by the USDA. Donations of other commodities received through Oregon Food Bank for the years ended June 30, 2014 and 2013, were valued at \$1.39 per pound. FFLC has estimated the average fair market value of commodities donated by the public and Food Rescue Express to be \$1.39 per pound for the years ended June 30, 2014 and 2013. Inventory of current year food donations not distributed is reflected as temporarily restricted assets. Total estimated value of donated food and commodities received during the years ended June 30, 2014 and 2013, was \$10,786,542 and \$10,178,391, respectively.

8. Employee Benefit Plan

Tax-Deferred Retirement Plan

Effective January 1, 2009, the Board of Directors of FFLC authorized a change from the tax-deferred retirement program under Section 403(b) to a SIMPLE IRA plan under Section 408(p) of the IRC (the Plan). The Plan is administered by FFLC and offers participating employees a choice of several different investment funding options. In addition to FFLC contributions to the Plan, employees may elect to contribute to the Plan through salary deferrals. Under the Plan, FFLC matches employee contributions dollar-for-dollar from 1 percent to 3 percent of employee salary.

An employee is eligible to receive FFLC contributions the first day of the month after 90 days of continuous employment. Only employees earning \$5,000 or more in wages annually are eligible to participate in the Plan and receive FFLC contributions. For the years ended June 30, 2014 and 2013, FFLC contributed \$50,845 and \$46,805, respectively, to the Plan.

9. Grants

Amounts received or receivable from grantor agencies are subject to audit and adjustment by such agencies. Any disallowed costs could become a liability of FFLC. Management believes that unallowable costs, if any, would not be significant and would not have a material effect on FFLC's financial position.

10. Fair Value Measurement

Accounting principles generally accepted in the United States of America define fair value, establish a framework for measuring fair value, and establish a fair value hierarchy that prioritizes the inputs to valuation techniques. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. A fair value measurement assumes that the transaction to sell the asset or transfer the liability occurs in the principal market for the asset or liability; in the absence of a principal market, the most advantageous market.

Valuation techniques that are consistent with the market, income, or cost approach are used to measure fair value.

The fair value hierarchy prioritizes the inputs to valuation techniques used to measure fair value into three broad levels:

Level 1: Inputs are quoted prices in active markets for identical assets or liabilities for which the organization has the ability to access at the measurement date.

Level 2: Inputs (other than quoted prices included within Level 1) that are observable for the asset or liability, either directly or indirectly.

Level 3: Unobservable inputs for the asset or liability that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities. Level 3 assets and liabilities include financial instruments whose value is determined using pricing models, discounted cash flow methodologies, or similar techniques, as well as instruments for which determination of fair value requires significant management judgment or estimation.

A financial instrument's categorization within the valuation hierarchy is based upon the lowest level of input that is significant to the fair value measurement.

11. Reclassification

Certain accounts were reclassified from the prior year. The purpose of the reclassification is to conform to the current year presentation. The reclassification did not affect the representation of FFLC's overall performance.

12. Subsequent Events

Management evaluates events and transactions that occur after the statement of financial position date as potential subsequent events. Management has performed this evaluation through the date of the independent auditor's report.

NOTES TO SCHEDULE OF EXPENDITURES OF FEDERAL AWARDS
For the Year Ended June 30, 2014

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of FFLC and is presented on the accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the financial statements.

2. Subrecipients

FFLC provided federal awards to subrecipients as follows:

<u>Program Title</u>	<u>Federal CFDA Number</u>	<u>Amount Provided</u>
USDA Commodities	10.569	\$ 653,439

These commodities are passed through to over 40 qualified Section 501(c)(3) agencies who then distribute food to the poor, hungry, and needy.

3. Food Distribution

Non-monetary assistance is reported in the schedule of expenditures of federal awards at the fair market value of the commodities received and disbursed, as assigned by the USDA. At June 30, 2014, FFLC had government food commodities totaling \$61,768 in inventory.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

To the Board of Directors
Food for Lane County, Inc.
Eugene, Oregon

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of Food for Lane County, Inc. (a nonprofit organization), which comprise the statement of financial position as of June 30, 2014, and the related statements of activities, functional expenses, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated October 9, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered Food for Lane County, Inc.'s internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Food for Lane County, Inc.'s internal control. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Food for Lane County, Inc.'s financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the Organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

**INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM
AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133**

To the Board of Directors
Food for Lane County, Inc.
Eugene, Oregon

Report on Compliance for Each Major Federal Program

We have audited Food for Lane County, Inc.'s compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Food for Lane County, Inc.'s major federal programs for the year ended June 30, 2014. Food for Lane County, Inc.'s major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Food for Lane County, Inc.'s major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Food for Lane County, Inc.'s compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Food for Lane County, Inc.'s compliance.

Opinion on Each Major Federal Program

In our opinion, Food for Lane County, Inc. complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2014.

Report on Internal Control Over Compliance

Management of Food for Lane County, Inc. is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Food for Lane County, Inc.'s internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Food for Lane County, Inc.'s internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.
