

¿ Usted se lavó sus manos?

1. Utilice el jabón y la agua tibia (corriente)
2. Lávese sus manos, muñecas y uñas por 15-20 segundos
3. **Seqúese** las manos con una toalla de papel

Lávese las manos dos veces:

- ▶ Después de sonar su nariz, de toser, o de estornudar
- ▶ Después de contacto con los líquidos corporales
- ▶ Antes de comenzar o de regresar al trabajo
- ▶ Después de usar el baño, lávese las manos en el baño y otra vez en el area de la preparación de alimento
- ▶ **Repita** los pasos 1 y 2 cuando haga **doble lavado de manos**

ORS 624.080(2) No person who is affected with a communicable disease described in Chapter 333 or is a carrier of such disease shall work in any restaurant, bed and breakfast facility or temporary restaurant. No restaurant, bed and breakfast facility or temporary restaurant shall employ any such person or any person suspected of being affected with any communicable disease or of being a carrier of such disease. If the restaurant, bed and breakfast facility or temporary restaurant manager suspects that any employee has contracted any disease in a communicable form or has become a carrier of such disease the manager shall notify the Director of the Human Services immediately. A placard containing this section shall be posted in all toilet rooms.
