

Partner Agency's Guide to FFLC's Inventory Codes

FFLC receives donations of food and non-food items from a variety of sources: wholesalers and retailers, local businesses, food drives, walk-in donations, and more. Due to the wide assortment of product we receive from many different donors, we often sort product into "catch-all", co-mingled categories. Here is a guide to help understand some of the more mystifying inventory codes.

Food banking inventory is variable and can be unpredictable. No two orders will be the same and not all inventory categories will appear on your order sheet regularly.
